DELUXE VEHICLE POWER PEDESTAL

Model #1A-DPP

designed especially with breakaway base to prevent vehicle/pedestal damage

Model #1A-DPP-1
shown complete with
Model #DR45-1 Handy Hood

- EEMAC 3R enclosure
- Specifically designed for superior appearance. Durable, long lasting, corrosion resistant, galvanized metal construction prevents rusting and assures long lasting quality finish
- Base is constructed with galvanized steel with breakaway capabilities
- Mounting bolts are turned in to prevent personal injury (no outward base flange, no visible base plate = no rust)
- 24”H x 7”W x 6”D pedestal body and front access cover
- Safety soft, machine formed corners on hood with smooth edges for ultimate safety and soft European appearance
- Cross-brake style roof
- ASA 61 grey powder coat finish
- Leviton #5320 duplex receptacle complete with weatherproof cover
- Devices and covers supplied loose for field installation
- CSA certified pedestal
- 3/8” Mounting fasteners not included - suggested is Hilti style
