SUPER FLEX POST™ PEDESTAL

Model #1I-FP-DPP

Model #1I-FP-DPP-5 shown

- EEMAC 3R Enclosure
- Suitable for wet locations
- Specifically designed as an ultra, super duty flex power pedestal with receptacle recessed within polymer elastomeric flexible material body
- Dandy's patented body fitted with reverse fitted model #DR45-RS Handy Hood makes for a flush device design, preventing virtually all conceivable damage
- Available in 14" stubby or 27" high designs
- Base is standard plate sized 8" wide x 8" deep to fit up to existing units
- Top cover allows for easy & quick wiring connection
- Standard colour is black
- Assembly is supplied & prewired with a #5-15R duplex receptacle and weatherproof cover
- Certified to CSA standards

Options

- 20A #5-20R duplex receptacle ☐
- Power 'ON' indicator light within duplex ☐
- 1/2" Galvanized anchor bolts, nuts, and washers when requested ☐
- #1I-FP-DPP-X templates - sized 8" x 8" ☐

Notes

- When two duplex receptacle design is selected one receptacle is on the front and one receptacle is on the rear as shown
- Where breakers are selected they must be moulded case, not mini supplementary protectors (see CEC Rule #14-114 and #14-302)

*also available in
iron HSS Super Duty style
